8. WINNER SELECTION AND NOTIFICATION

Pending confirmation of eligibility, potential prize winners will be selected by Microsoft or their Agent or a qualified judging panel from among all eligible entries received based on the following judging criteria:

- 50% - Use of Azure Quantum in project.
- 25% - Originality of the project prompt.
- 25% - Educational Value of the project.

Winners will be selected from among all eligible entries received within ten (10) days following the Entry Period. In the event of a tie between any eligible entries, an additional judge will break the tie based on the judging criteria described above. The decisions of the judges are final and binding. If we do not receive enough entries meeting the entry requirements, we may, at our discretion, select fewer winners than the number of Contest Prizes described below.

Winners will be notified via the contact information provided during entry no more than seven (7) days following judging with prize claim instructions, including submission deadlines. Winners will be publicly announced live during the "Azure Quantum – a Platform for Quantum Computing Research, Education and Innovation" workshop during the IEEE QCE22 event held in Broomfield, CO (the "Event") on Tuesday September 20, 2022. Winners do not need to be present in-person or virtually at the Event to win. If a selected winner cannot be contacted, is ineligible, fails to claim a prize or fails to return any forms, the selected winner will forfeit their prize and an alternate winner will be selected time allowing. If you are a potential winner and you are eighteen (18) or older but have not reached the age of majority in your legal place of residence, we may require your parent/legal guardian to sign all required forms on your behalf. Only three (3) alternate winners will be selected, after which unclaimed prizes will remain unawarded.

9. PRIZES

The following prizes will be awarded:

Three (3) Grand Prizes. Each winner will receive:
